The Honorable J. Kenneth Robinson

Dear Representative Robinson:

I was delighted to learn that you have again accepted our request to address the Executive Development Seminar on "CIA and the Congress." The four-day Seminar begins at 1:30 p.m. on 27 July and you will be our first speaker. Following your presentation, the group, about 18 Agency executives, will be briefed by members of both the House and Senate Oversight Committees and by members of their staffs.

The object of the Seminar is to better acquaint our senior officials with the relationship between the Agency and the Legislative Branch of government. Your presentation before a similar group of executives on 12 March added greatly to their understanding of the interaction between CIA and the House of Representatives. Your experience as Ranking Minority Member of the House Permanent Select Committee on Intelligence, which you described to the last session, made you an ideal lead-off speaker, one who could comment on significant developments in the history of oversight while setting the stage for the subsequent briefings of the class. In addition to your views on oversight and the proper role of this Agency in government, we would be most interested in any comments you might wish to make on the current scene on Capitol Hill.

Your presentation is scheduled from 1:30 to 2:30 p.m., on 27 July in the Arlington Center Building, 4600 North Fairfax Drive in Arlington. If you wish us to provide transportation for you while in the Washington area, please contact any member of the Executive Development Staff. When you enter the Arlington Center Building, please come to the Reception Area on the second floor, where one of the staff will meet and escort you to the lecture room.

We would be pleased to offer you our maximum honorarium of \$260 and to reimburse you for any travel expenses.

Again, my sincere appreciation for your willingness to assist us in making our training program an informative and valuable experience for our executives.

Sincerely,

Director
of
Training and Education
